THE RECORD TO THE SHERIFF

JUDGE GEAR SENDS BROWN SOME TESTIMONY.

Evidence in the Nunes Divorce Case.
Another Hawaiian Statute Declared to be Un-American.

Two Portuguese divorce cases were before Judge Gear at noon today. The evidence in one of them was of such a nature that the court ordered it written up at once and a copy sent to the High Sheriff for his benefit. It was the case of Stella vs. Leonard Nunes. Suit was brought on the ground of failure to provide, but the judge brought evidence to the effect that the defendant was living with a sister of the wife he had deserted, and he summoned Nunes and the sister, a widow named Mrs. Silva, to explain.

Nunes refused to answer questions put to him by the court, taking refuge in his privilege to decline to reply when the answer would incriminate him. Mrs. Silva answered the questions put to her. She denied any improper relations, but admitted that the defendant was living with her and paying the rent of her house.

Judge Gear granted the divorce, made an order that the defendant pay costs \$25 for an attorney's fee and \$10 a week alimony, and proceeded to comment severely on the state of affairs revealed by the evidence.

"The conditions revealed here are simply outrageous," said the court. "It is only a few days ago that the court had occasion to call attention to a similar case of open adultery and there is too much of this business in the community. It would be a good idea if the police would give their attention to some of the cases, instead of the minor matters, such as fast driving, with which they occupy themselves."

Incidentally Judge Gear declared another section of Hawaiian law to be un-American, and proceeded to overrule it on the spot. It is the section dealing with the rights of witnesses to refuse to answer questions in cases where the answers might incriminate them.

The Hawaiian code provides that no witness shall be allowed to refuse to answer a question on the grounds mentioned unless the court shall be convinced that the answer would tend to subject the witness to punishment for treason, felony or misdemeanor. Gear declared that this was contrary to American jurisprudence and that witnesses might refuse to answer and the refusal should not be held against them.

A STRIKE AT EWA.

About 100 Japanese cane loaders at Ewa plantation struck yesterday. They demanded some changes in the working regulations the principal one being the laying of field tracks so as to bring the cars nearer the work. Manager Renton refused to make the changes demanded and when the men refused to go to work they were told they could go to the cashier's office and get their pay. None of them did however.

Men from other branches of the work were told off to take the places of the strikers. Twenty of the strikers came back to work during the day. Work was only delayed for about an hour.

It is not known whether this strike was premeditated on the part of the Japanese to test the agreement entered into by the plantation managers the day before or not. The fact that none of the strikers called for their pay is thought to indicate that the Japanese are aware that it may not be as easy as it was to quit work on one plantation and go to another and get employment at once.

WALL, NICHOLS CO., LTD.

Merit in .. Kodak . Work

When customers send films from California to us for developing and printing they must be more than ordinary merit in the class of work we turn out. They claim that they cannot get the same excellent results in San Francisco, and are willing to send 2000 miles and be sure of having good Kodak pictures. That's why we get the business merit.

We turn out uniformly good work. Every roll of film receives the treatment that skill and experience can give it. Our Photographic Department is full of work, but we are able to turn out work when promised, and no order is slighted.

Our popular prices will save many a dollar for the amateur—that's another reason for you to bring us your work.

Remember we are headquarters for Kodaks, fresh films, plates, printing papers—everything in the photographic line. Let us have your next roll and we will demonstrate our claims for excellent and careful photo work.

Souvenir Day

AT
WHITNEY & MARSH'S.

One Hundred Pretty
Pictures Given Away

Our Mr. Whitney found them in New York and brought them home with him to give to our friends. On

Friday, August 23

We shall distribute them among our first one hundred customers.

METHOD OF DISTRIBUTION.

We have numbered the pictures at random from No. 1 to No. 100. We have also prepared one hundred coupons correspondingly numbered. To every purchaser of goods to the amount of one dollar or over, will be given one of these coupons, which may be exchanged between Monday, August 26th and Saturday, August 31 for the picture bearing the corresponding number.

It is plain that there can be no unfairness about this method of distribution. Every picture and every coupon has a printed number which cannot be effaced or altered. The pictures are all arranged indiscriminately in our window, and we ourselves do not know the number of any particular picture.

Picture No. 1 will go to our first customer; picture No. 2 to our second customer and so on until the hundred have been given out. No customer may have more than one coupon, no matter how large her purchase may be. We establish a minimum purchase amount of a dollar, merely that the pictures may go into the hands of our own BONA FIDE customers.

The pictures will be displayed in our windows all this week. They are all of them really works of art and well worth framing and preserving in any home.
